OF GAS ARMS

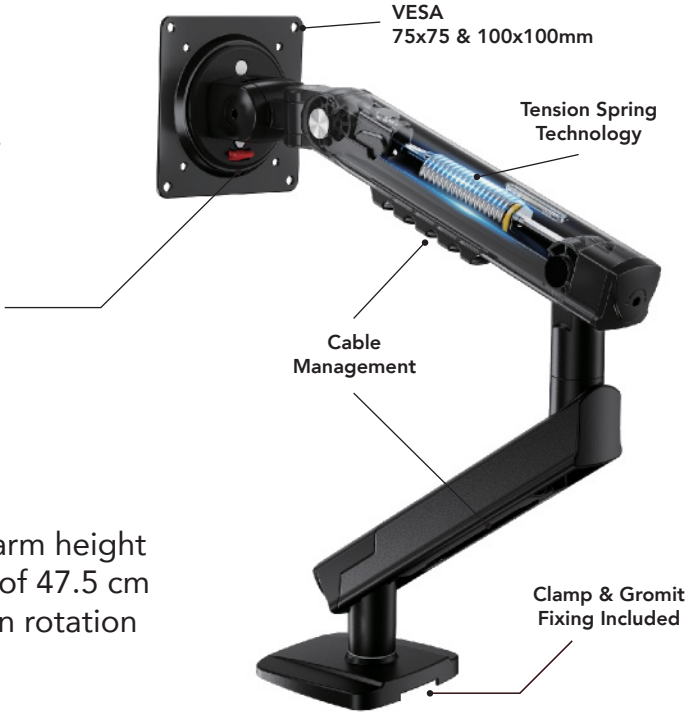
Single Arm Monitor Desk Mount

Engineered for unwavering stability and effortless control, supporting **13 - 32"** monitors up to **9 kg** (19.8lbs). Adjustable tension, anti-sag torsion spring, and professional-grade metal framework help eliminate screen sagging.

Visual Calibration Window
Displays tension during arm adjustment, for precise monitor fine-tuning in seconds

Quick-Release VESA Adaptor
Secure screen installation and removal are equally seamless

Fully Adjustable
Features +85° to -25° tilt, max arm height of 42 cm (16.5”) and extension of 47.5 cm (18.7”), plus smooth 360° screen rotation



MDB1041

- Fits 13"-32" monitors, 2 to 9 kg with 75 × 75 and 100 × 100 VESA patterns
- Adjustable tension arm, anti-sag torsion spring and professional-grade metal framework for reassuring stability for monitors, backed by our lifetime warranty
- Find your perfect view with just one finger: Tilt +85° to - 25°, swivel, rotate and height-adjust to set your monitor in the optimal position
- Visual calibration window: View tension levels and set your ideal height
- Secure 'click and go' VESA adaptor speeds up monitor setup and removal
- Versatile mounting options: Include C-clamp and grommet mounting to fit a variety of desk types with thicknesses from 1.5 - 9 cm (0.59"-3.54")
- Built-in cable management keeps your cables organised and out of sight
